

ABOUT US

OPERATE YOUR BUSINESS WITH A SOLUTION THAT MAXIMISES OPERATION EFFICIENCY SAVING TIME AND MONEY.

Our mission here at Industor is to offer solutions with the highest quality and modern technology products exceeding expectations while delivering within budget and on schedule with our 'fixed price proposals'* to become the preferred supplier to our clients.

We offer the benefit of dealing with over 50 years combined industry experience in design, research, development, installation, relocation and fabrication of custom solutions to suit the individual needs of your business.

Our clients can be confident that once the project is completed, Industor's ongoing commitment extends to protect your investment with regular inspections* by trained inspectors to ensure your solution remains compliant with OHS/WHS and statutory regulations.
